**Ingenium**

Young Researchers at TU Darmstadt

## Young Investigator Appreciation Day

On Tuesday, 19<sup>th</sup> of December 2023, 4 pm  
at Ingenium, Magdalenenstr. 25, S1|21, A 105

---

## Dear Young Investigators

Ingenium, the university's graduate organisation for early career researchers (ECR), invites you to the first **Young Investigator Appreciation Day** at TU Darmstadt to honour your excellent work and to enable you to network with other young investigators and postdocs from different research disciplines of TU Darmstadt and its Rhine-Main partner universities.

The event will be opened by Prof. Dr. Franziska Lang, Vice President for Academic Careers, followed by an **Appointment Ceremony for the Athene Young Investigators (AYI)**, who joined the AYI-Programme – TU Darmstadt's own independent junior research group leader-programme – in 2023.

After that Prof. Dr. Cristina Cardoso (Cell Biology and Epigenetics, Department of Biology) and Prof. Dr.-Ing. Hauke Zachert (Institute of Geotechnics, Department of Civil and Environmental Engineering) will share their experience made during **their first 100 days of professorship**. You are very welcome to ask questions.

Finally, you can interchange ideas with all participants during the **informal Get Together** and establish networks.

We cordially invite you to an inspiring first **Young Investigator Appreciation Day** at TU Darmstadt!

Prof. Dr. Franziska Lang  
Vice President for Academic Careers
